CAUSE No 2:17-cv-152-KS-MTP

JASON MYERS, ET AL.

Defendants

I would like to inform the courts that I do not have any Grievance Filed at the Jones County Detention Center. I was not there at any one time long enough to file a grievance.

I can tell the courts where I have been as far as any and all medical treatment that I have received since my incident on December 14, 2016. On 12-14-16 I was taken to Ellisville Clinic for injuries to face and head. I can not remember the nurse or doctors name but the clinic is on file and it is located in Ellisville MS Jones County. On or around ~~February 17, 2017~~ February 17, 2017 I had a seizure and was taken to South Central Regional medical center which is located in Laurel, MS, Jones County. On March the 15th of 2017 I was transported from Jones County Adult Detention Center to Central Mississippi Correctional Facility (CMCF) where I was then seen by their medical staff and they started me on medication.

I would also like the courts to know that I am seeking council, in hopes of obtaining council through The Yorden Firm.
